Scope of FOIWG

- Applicable policies and guidelines:
  - RFC 1591 and GAC-Principles 2005

- Framework of Interpretation will add "colour and depth" to existing policies and guidelines

- Out of scope:
  - Changing applicable policies or guidelines
  - The IANA Functions contract, including contract implementation issues or procedures

Process for topics

- WG prepares draft set of interpretations for a specific topic in an Interim Report (e.g. Consent report).

- WG undertakes a public consultation of the draft set of interpretations.

- WG reviews comments and input from the public consultation.

- WG prepares a Final Report of interpretation for a topic.

Process for topics

- Require both GAC and ccNSO support for final FOI

- Submission of final FOI to ICANN Board includes: confirmation of support by GAC and ccNSO

Topics for Interpretation

- Consent for delegation and re-delegation requests (final report completed)

- Significantly Interested Parties (SIP) (Final report being prepared)

- Revocation or un-consented re-delegation (current)

- Comprehensive glossary (in progress)

- Recommendations for IANA reports on delegation and re-delegation (FOIWG will begin work on this topic after other topics have been completed)

Activities since ICANN Toronto
