[2010-06-23 08::32:26] Jorge: @wendy I'm on Adobe Connect Gold Hall room session

[2010-06-23 08::32:29] Marika_Konings: We are using the GNSO Council AC room as well to allow for motion review and modification which is not possible in this room.

[2010-06-23 08::33:25] wseltzer: Thanks Marika. Since AC is working poorly in my browser, I appreciate the chat connection when it's available.

[2010-06-23 08::33:48] Jorge: I guess there is another room for councilors so Chuck can see the hands

[2010-06-23 09::06:40] Jorge: How much \$\$ is on the budget to fund these particular studies ?

[2010-06-23 09::08:39] Jorge: ~\$500K is a good guess ?

[2010-06-23 09::10:54] wseltzer: Good guys are price-sensitive too.

[2010-06-23 09::12:39] Jorge: amen

[2010-06-23 09::26:27] Robert_Hoggarth11681: test

[2010-06-23 09::27:27] Checking: test

[2010-06-23 09::28:59] →^a sean_ is now known as SeanPowell.

[2010-06-23 09::29:05] wseltzer: Isn't our next agenda item "break"?

[2010-06-23 10::09:54] Margie_Milam8911: We are taking a 15 min break and will convene after 10:20

[2010-06-23 10::10:00] wseltzer: whew!

[2010-06-23 10::35:27] wseltzer: and back

[2010-06-23 11::37:21] Jim_Fleming: With 3D and Avatars all these "rooms" would be places (islands) where Netizens could move and view and hear the events - MeatSpace meetings don't seem to include the Real Internet

[2010-06-23 11::38:46] Robert_Hoggarth: thanks for that suggestion Jim. we'll look into that

[2010-06-23 11::39:29] Jim_Fleming: ICANN of course favors MeatSpace and the skill-sets that go with it. Real Netizens are considered "Remote"

[2010-06-23 11::41:44] Robert_Hoggarth: Jim tx, we are crawling before walking before

[2010-06-23 11::42:09] Jim_Fleming: RH: "crawling" but claiming to be .GOD ?

[2010-06-23 11::42:39] Robert_Hoggarth: not me more like .TIRED

[2010-06-23 11::44:14] Jim_Fleming: RH: If you pushed a button and registered Robert.Hoggarth.TIRED for FREE would much of the goings on there seem silly ?

[2010-06-23 11::49:21] Robert_Hoggarth: jim. one man's silly is another' man's serious

[2010-06-23 11::49:32] Jim_Fleming: All these MeatSpace Face-2-Face meetings favor people who are not Netizens and who want to control or profit from the Internet

[2010-06-23 12::02:43] Jim_Fleming: The new DNS starts with a person's TV and IR Remote so the size of "names" is sort of important - IR Remotes like cell-phones are not easy for typing - there is a human factors component

[2010-06-23 12::05:42] Jim_Fleming: Internet@TV is now shipping in volume in Samsung BluRay players with DLNA Streaming Video and is being integrated with the New.DNS

[2010-06-23 12::08:31] Jim_Fleming: DNSMASQ2 should be out before the end of 2010 depending on how things go - DNSMASQ of course has nearly 100% market share in \$50 CPE WIFI Routers and Linux Consumer Products

[2010-06-23 12::11:22] Jim_Fleming: It takes about 21 days to fully scan and clone the 4-Letter .COM domains into the New.DNS

[2010-06-23 12::15:58] Jim_Fleming: <http://IMVU.com> has 61,829 people online - compared to 29 here

[2010-06-23 12::24:35] Jim_Fleming: <http://blog.icann.org/2010/05/podcast-cops-and-registrants-seek-to-amend-the-raa/#comments>

[2010-06-23 12::25:29] Jim_Fleming: <http://www.icann.org/en/comments-mail/icann-current/msg00342.html>

[2010-06-23 12::26:41] Jim_Fleming: The New.DNS has been expanded from 2048 TLDs to 4096

[2010-06-23 12::30:43] Jim_Fleming: The Top 10 most desired TLDs don't change much: 10514 INC9264 ONLINE7288 NET6472 USA4481 GROUP4101 WEB3891 TECH3077 UK2762 DESIGN2570 SYSTEMS

[2010-06-23 12::38:48] DK1: Link to that specific comment section anyone? TIA.

[2010-06-23 12::44:02] Margie_Milam_2: <http://www.icann.org/en/public-comment/#guidebook>

[2010-06-23 12::44:21] Robert_Hoggarth: Since those joining the IRC chat cannot see previous comments, this is a brief reminder that, if you plan to have a question or statement to offer, please start your post with the words QUESTION or STATEMENT at the beginning of your post.

[2010-06-23 12::45:36] Robert_Hoggarth: the GNSO Council meeting is now adjourned. thanks everyone!

[2010-06-23 12::47:04] Jim_Fleming: So the Room remains the same and the Avatars change ?
