[2010-06-21 09::42:48] John_McCormac: Ireland

[2010-06-21 09::43:12] Bob_Connelly_3: I'm in Henderson Nevada

[2010-06-21 09::43:38] John_McCormac: nope - no registry affiliations. I run hosterstats.com

[2010-06-21 09::46:19] Kristina_Nordstrom: Can you all see the presentation?

[2010-06-21 09::46:40] John_McCormac: yes but no audio

[2010-06-21 09::47:05] Kristina_Nordstrom: <http://brussels38.icann.org/node/12455>

[2010-06-21 09::51:02] Kristina_Nordstrom: How about now?

[2010-06-21 09::51:34] Bob_Connelly_3: I hear but do not understnad

[2010-06-21 09::53:07] Kristina_Nordstrom: Sorry, they are looking into the audio problem right now

[2010-06-21 09::53:17] Bob_Connelly_3: Back to hearingnoting

[2010-06-21 09::53:50] el: I have raised it now, in person, with support (attending)

[2010-06-21 09::54:03] Bob_Connelly_3: I'm on <http://ac.icann.org/arc?launcher=false>

[2010-06-21 09::54:25] John_McCormac: the audio is on a different link

[2010-06-21 09::54:48] Bob_Connelly_3: Ahaa, what link

[2010-06-21 09::54:58] Kristina_Nordstrom: <http://brussels38.icann.org/node/12455>

[2010-06-21 09::55:04] John_McCormac: <http://brussels38.icann.org/node/12455> (the English audio link on that page)

[2010-06-21 09::55:07] Kristina_Nordstrom: Look for the audiocast

[2010-06-21 09::55:49] Bob_Connelly_3: I tried that link and it just took me back to the very beginning

[2010-06-21 09::56:29] John_McCormac: <http://stream.icann.org/arc-64-en.m3u> (that's the one I am using and it is fine)

[2010-06-21 09::58:29] Bob_Connelly_3: Ahaa, I hear it all now:-)

[2010-06-21 09::59:38] el: I am just told by support that we can not hear via Adobe Connect but must use the stream, which is at <http://stream.icann.org/arc-16-en.m3u>

[2010-06-21 10::30:45] Bob_Connelly_3: Yep, that's just fine now.

[2010-06-21 10::31:28] Bob_Connelly_3: But I can't see, that's where the BIND is;-}

[2010-06-21 11::04:39] lightIRC_7829: I want to watch the meeting just after the opening session in the same room.

[2010-06-21 11::09:08] John_McCormac: wonder if the next presentation will be a sales pitch for markmonitor

[2010-06-21 12::47:16] John_McCormac: Did domain tasting massively affect the trends in domain abuse?

[2010-06-21 12::54:53] Jim: I'm curious... how many people are in attendance?

[2010-06-21 12::55:23] Kristina_Nordstrom: 30-40 right now

[2010-06-21 12::55:31] Jim: thanks

[2010-06-21 12::56:10] Kristina_Nordstrom: ok sorry about that, it went really fast at the end there

[2010-06-21 12::57:50] John_McCormac: Did domain tasting massively affect the trends in domain abuse and what changes in trends occurred when it was made expensive?

[2010-06-21 13::00:00] el: any questions from remote?

[2010-06-21 13::01:23] John_McCormac: thanks

[2010-06-21 13::03:07] Kristina_Nordstrom: no problem, I hope I read it right :)

[2010-06-21 13::12:15] John_McCormac: Does the inference engine use cross TLD analysis to identify problem domains?

[2010-06-21 13::22:02] John_McCormac: it would be a very useful way of detecting them

[2010-06-21 13::35:19] Belvec: are there slides for this presentation?

[2010-06-21 13::35:42] Kristina_Nordstrom: can't you see them?

[2010-06-21 13::36:19] Belvec: on the icann website...?

[2010-06-21 13::36:54] Kristina_Nordstrom: no in this adobe room

[2010-06-21 13::39:00] Kristina_Nordstrom: oh,

[2010-06-21 13::39:23] Kristina_Nordstrom: following the link I pasted

[2010-06-21 13::40:07] Captain_ZOOM: Question: How does one know the links being pasted are Secure ?

[2010-06-21 13::41:34] Kristina_Nordstrom: The link I just pasted goes to the ICANN website

[2010-06-21 13::42:32] Captain_ZOOM: Question: How do you know the link really goes to the "ICANN website" ?

[2010-06-21 13::43:36] Kristina_Nordstrom: Um.... I don't know what to tell you, I can't prove it :)

[2010-06-21 13::44:36] Belvec: got it. thanks

[2010-06-21 13::44:44] Captain_ZOOM: Not much in these ICANN meetings - just text chat ?

[2010-06-21 13::46:06] John_McCormac: there are audio feeds and some video feeds

[2010-06-21 13::46:09] Kristina_Nordstrom: If you follow the link you will find the Adobe Room under "Virtual meeting room" where you can see the slides and the audio is separate

[2010-06-21 13::47:05] Captain_ZOOM: It all seems sort of low-tech for Tech Day - IMHO

[2010-06-21 14::49:31] Kristina_Nordstrom: We unfortunately don't have the slides for the next presentation

[2010-06-21 15::21:20] Bob: Is the DiTL snapshots taken on the same day each year?

[2010-06-21 15::22:34] Kristina_Nordstrom: Sorry Bob he did not take any questions

[2010-06-21 15::26:56] el: bob, can you email the question to him/me and we'll make sure he answers?

[2010-06-21 15::28:53] Kristina_Nordstrom: So that you all understand, on our screen in the meeting room we have a motion picture

[2010-06-21 15::30:34] el: since this is a live demo it's difficult to impossible to upload into the Adobe Connect, but we did look at it :-)-O

[2010-06-21 15::32:42] Bob: So where can I download the data?

[2010-06-21 15::33:49] Kristina_Nordstrom: I think here :)

[2010-06-21 15::33:50] Bob: :-)

[2010-06-21 15::34:59] Bob: aargh.. you can't cut and paste the url!!!!

[2010-06-21 15::35:39] Kristina_Nordstrom: Bummer :) but it's not too long

[2010-06-21 15::37:48] Bob: 404 :-(
