

Developing a Consumer Agenda for ICANN

A cross-community workshop – 4-5.30pm 23rd June 2010, Room 300

Moderator – Rosemary Sinclair, GNSO Councilor

Background:

ICANN's Affirmation of Commitments refers to the wide policy accountability of ICANN to public interest, global Internet users and consumers. A number of community members within ICANN are working to reflect the interests of Internet users and consumers in the policy decisions and ongoing work of ICANN. The workshop will provide a forum for a cross-community discussion on how best to further develop a Consumer Agenda for ICANN.

Format:

Moderated Workshop with a number of contributions from attendees. Following the workshop, a Summary of Contributions and Suggested Next Steps will be made available to the ICANN community.
