3. Results Council Workshop

3.1 Review and Update ccNSO Work Plan

Description: The ccNSO Council and chairs of the ccNSO Working Groups reviewed and updated the ccNSO Workplan March 2012-March 2014. The updated work plan was presented to the ccTLD community present at the Costa Rica meeting. The Council noted that currently the ccNSO is at full capacity of its volunteers and therefore the need to find ways to influence the balance between (anticipated) work load and capacity, for example by prioritisation or engaging more volunteers.

Proposed Resolution 1: The ccNSO Council adopts the proposed work plan (as included) and will update it at its next face-to face meeting at the ICANN meeting in Prague and review the work plan at the face-to face meeting April 2013. The adopted workplan will be posted on the ccNSO website.

Proposed Resolution 2: The ccNSO Council sets up an informal study group under the chairmanship of [name of Councillor] with the following members [members] to advise the Council on further steps to balance the anticipated (increasing) workload and capacity of the ccNSO. The study group is requested to report to the Council by its Prague meeting and seek participation of members of the ccTLD community.

3.2 Review and Update Assignment of Roles and Responsibilities ccNSO Council Members

Description: The ccNSO Council reviewed and updated the ccNSO Council members assignment of roles and responsibilities March 2012-March 2013. The updated assignment of roles and responsibilities was presented to the ccTLD community present at the Costa Rica meeting

Proposed resolution: The ccNSO Council adopts the proposed assignment of roles and responsibilities of the members of the ccNSO Council (as included). The assignment of roles and responsibilities will be reviewed updated at ccNSO Council face –to-face

meeting in April 2013. The assignment of Roles and Responsibilities will be posted on the ccNSO website

4. Endorsement Framework of Interpretation WG Final Report on Obtaining and Documenting Consent.

Description: The Framework of Interpretation WG was established by the ccNSO Council at its meeting in March 2011. In accordance with its charter the chair of the FOI WG has submitted its Final Report on obtaining and documenting “consent” of the incumbent ccTLD manager for ccTLD delegation and re-delegation requests to both the ccNSO and GAC to seek their endorsement for the guidelines contained in the report. Endorsement of the recommendations by both the ccNSO and GAC is condition to submit the recommendations to the ICANN Board of Directors.

The Final Report was presented to the ccTLD community present at the Costa Rica meeting which unanimously supported the recommendations.

Proposed Resolution: The ccNSO Council endorses the recommendations contained in the Final Report on obtaining and documenting “consent” for ccTLD delegation and redelegation requests and requests the Chair of the ccNSO Council to inform the chair of the FOIWG accordingly. The ccNSO Council thanks the WG for its hard work and progress made to date.
