# ICANN GAC / GNSO Council Joint Meeting

NO.47 - 14-18 JULY 2013

# Agenda

- From the GNSO
  - The PDP process
  - The IGO / INGO PDP
- From the GAC
  - Latest work on advice
- GAC engagement with GNSO policy
  - Recap on Beijing & since

# From the GNSO

A full Background Briefing is available

<http://gns0.icann.org/en/node/40007>

Two key areas to focus on now:

- The PDP process
- The INGO PDP

# From the GAC

Update on latest work and advice

# GAC engagement with GNSO policy

- Motivation / Intention
  - Early involvement of the GAC i.e. from Issue Report stage
- Work in progress - plugged into work of BGRI WG
- Understanding the scope?
  - Number of Issue Reports per year? Default timelines?
  - Examine current engagement points
- Discussion points
  - “Reverse Liaison” proposal. GNSO liaison/s to the GAC.
    - Mechanics?
  - GNSO is receptive and also suggests consideration of:
    - Issue based interaction
    - “Lightweight” involvement with PDP process
  - How will early GAC input be handled?
  - Early stage (in GAC deliberations) involvement with GNSO?
