

# ICANN VISION & FIVE YEAR STRATEGY

## Community Engagement in Durban

# OVERVIEW

## “Creating a New ICANN Five-Year Strategic Plan”

10.30 – 12.00 on Monday, 15 July in Hall 6

This session in Durban will focus on generating discussion and input from a broad cross-section of the ICANN community. It will consist of a brief presentation followed by participant breakout groups working in a workshop-style environment. Each breakout group will be facilitated by members of the community using a common framework of the key challenges facing ICANN in the next five years.

### Agenda

Time	Activity
:10 min	Presentation of strategy development process and the community engagement framework
:05 min	Workshop instructions
:75 min	Workshop breakout groups working time

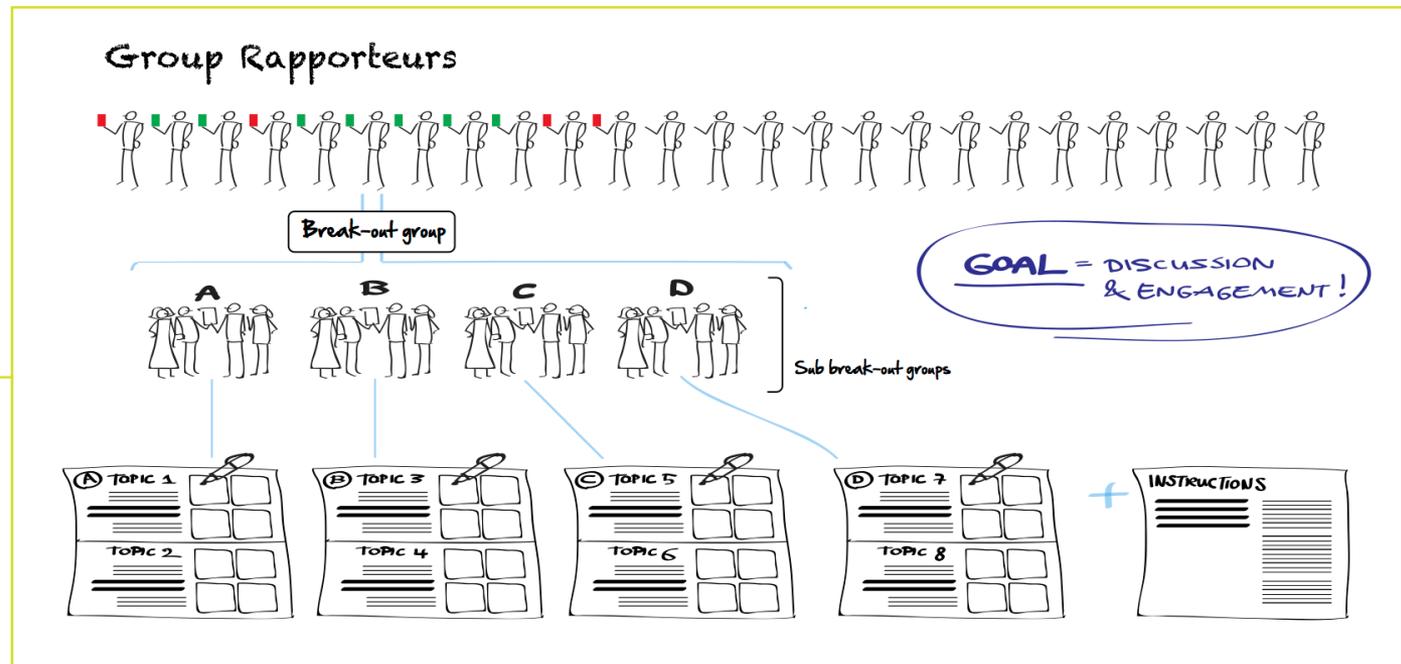

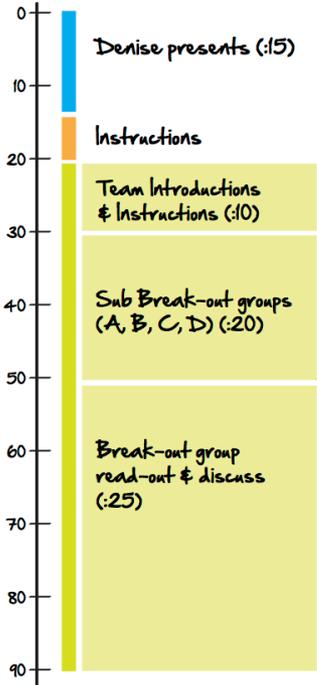

# THE WORKSHOP

The workshop is designed to generate discussion and engagement, and can scale to handle 50-500 people in the room.

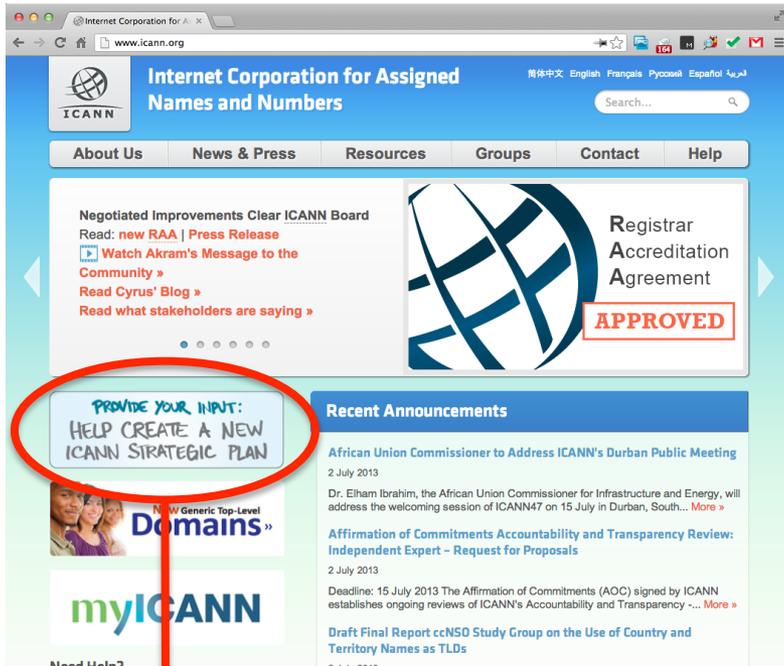

Participants will work together to discuss the [eight broad topics](#) found in the strategic planning engagement framework, and provide written input into the [strategy development process](#).
