Structural Improvements Committee: report of activities

Roberto Gaetano
Chair, Structural Improvements Committee

October 2009
Mandate of the Committee:

Purpose:
“... responsible for review and oversight of policies relating to ICANN’s ongoing organizational review process (.....). The reviews shall be conducted in accordance with the Bylaws. The Committee shall use such reviews to assess whether each organization has a continuing purpose in the ICANN structure and shall issue recommendations aimed to enhance effectiveness of the structure.”

Organizational Reviews in ICANN

Board

Structural Improvement Committee (SIC)

WG1      WG2      WG3      WG4      WGN

Mandate assignment

Review processes

Note: WG = Working Groups

Staff support

Reporting duty

June 2009
Main activities since Sydney (1)

- Coordination of ongoing review processes, through review Working Groups (RSSAC, SSAC, NomCom, Board)
- Launch of review processes (ccNSO, ASO)
- Overview of implementation work (GNSO, ALAC)

TOR writing | Cons. selection | Ind.nt review | WG work | Implement-ation | Assess.nt effects
---|---|---|---|---|---
ASO | ccNSO | RSSAC | ALAC | GNSO | Board
NomCom | SSAC

June 2009
Main activities since Sydney (2)

**Systematization review processes**
Adoption of a new set of rules for governing Organizational Review processes; objectives:
- ✓ to streamline processes
- ✓ to increase transparency and accountability
- ✓ to enhance interaction with the community
- ✓ to increase value of outputs

**Status**
Adopted by the SIC and the Board, after public comments. In operation.

June 2009
Main activities since Sydney (3)

Horizontal view

Analysis of recommendations from all Organizational Review processes, to identify interlinks and issues to be resolved.

Status

Interconnections identified, Board and NomCom review WGs tasked with analysis, now close to finalization for SIC and Board action.

June 2009
Thank You

Roberto Gaetano
