dotMobi ccTLDs & Mobi

Building tomorrow's Internet, together

Trey Harvin CEO, dotMobi

Why I am here today

Powerful

between

dotMobi

ccTLDs &

Partnership

- Vision for the futuretoday
- People accessing services....when/where they need themregardless of device

New Shape Of The Mobile Internet

Social media better on mobiles

> Location-based services drive new experiences

dot Mobi New Phones, But Still Frustrating Experiences

- 67% unsatisfactory consumer experiences in last 12 months
- 38% unaware of how to get to a mobile site

http://www.gomez.com/wp-content/downloads/gomez_mobile_web_experience_survey.pdf

Different worlds, common problems

Consumers

- Growing interest
- Concerns over costs
- Limited availability of relevant mobile content
- Frustration growing

SMEs

- Backbone of the Economy
- Provide many critical local services
- Struggling to find new growth, in particular during economic downturn

Costly User Experience

$dot Mobi_{\text{\tiny M}}$

Together we can:

Accelerate this process

Help Consumers, Businesses and Institutions

Make the Mobile Web a natural part of daily life

Expand the value of **your TLD**

What We Can Do Together

- Powerful Innovation:
 - Merge "local" context & "mobile" context
 - Controlled locally by ccTLD registry
- Single domain
 - companyname.TLD
- Mobile convention
 - companyname.TLD.mobi

$dot Mobi_{\text{\tiny M}}$

Value to the ccTLD domain owner

Our Partnership provides:

- ✓ Automatic mobile extension to your ccTLD domain +
 ✓ Builds the value of existing investments
 - (Company Brand, ccTLD domain, desktop site) +
- ✓ Access to mobile publishing tools by default

Mobile Web for all

It really doesn't get much easier than this ③

Consumers:

- Fast loading
- Low cost guaranteed
- Adapted for each device
