- Determining policies and rules → ICTA
(on behalf of the Ministry of Transport and Communication)
- Managing and registering domain names → ICTA
 - Through registrars
 - Proposed registry organization: **TRABİS**
(".tr" network information system)
- Dispute Resolution → ICTA
 - Arbitration

Nic.tr - I

- . Information and documents (provided).
- . Plans and projects regarding “.tr” (shared).
- . Information on other “ccTLD” practices conveyed.
- . Importance and value of division of the powers emphasized.
- . Contribution made whenever required (working groups etc.)

Nic.tr - II

- . We gave feedback on the draft bylaws repeatedly.
- . We expressed our concerns regarding to new implementations.
- . We believe our suggestions and point of views are not taken into account and our rights are violated.

The background of the slide features a pixelated sun in the upper left quadrant, set against a light blue sky. The bottom of the image is decorated with horizontal, wavy bands of varying shades of blue, creating a water-like effect.

Thank you...
