## Welcome to the GNSO Improvements Information Page

### Organization of this Site:

Welcome to the GNSO Improvements Information Home Page. This page contains all of the basic information you need on this ongoing initiative to improve and restructure the GNSO. The above drop-down menu structure is organized into five major categories:

- **About:** the Background of GNSO Improvements including an Overview of major recommendations as well as several Reviews that have been conducted concerning the GNSO.
- **Board Actions:** meeting resolutions and minutes relating to GNSO Improvements
- **Council Organization:** information about Council restructuring as well as Constituency and Stakeholder Group forms/templates, charter activities, and related references/guidelines.
- **Committees & Teams:** approved documents and links associated with the GNSO Council Implementation Plan Steering Committees, and Work Teams charged with GNSO implementation projects/tasks.
- **News & Events:** current events (3 months), public notices and links to other resources

*Note: each link in the drop-down menus represents an individual page where additional content can be found.*
