

Support for Multi-Signer DNSSEC

Paul Ebersman - Neustar
paul.ebersman@team.neustar
ICANN 68 – Kuala Lumpur 22 Jun 2020

SUPPORT FOR MULTI-PROVIDER DRAFT

- support for generating or importing keys
- ECDSA and on-the-fly signing
- API tweaks
- CDS publishing

DS ISSUES

- multi-provider w/key per provider means more DS
- TTL values and coordinating changes of DS/NS
- Registry/registrar support of DS
