ccNSO to raise awareness about the benefits of IDN ccTLD delegation to ccTLDs

- ○ >65% world population is non-English speaking

- ○ One language/dialect is dying every 15 days

- ○ Approx. business ~8-9 Billion $ globally

ccNSO to share working models

- ○ Local Partner engagement for IDN/UA stress test

- ○ Help in sharing already available solutions with technical community to take up UA Readiness

ccNSO to activate dedicated liaison for UASG activities

- The liaison will help to track progress and address issues of ccTLDs in UA/EAI implementation thru UASG

- Problem statements can be shared with UASG

- Priorities of ccNSO can be inbuilt in yearly plans of UASG

ccNSO to create dedicated group to assist ccTLDs with UA & EAI

- Developers, implementers, academicians can find it useful during difficult times

- A ready reckoner database for UASG future plans
