

DASC

Repository Subgroup

Two projects:

1. Create repository of links to useful DNS Abuse information and resources for ccTLD managers. ([Underway](#))
2. Create dedicated (closed) ccNSO email list for use by ccTLD managers for exchanging information relating to DNS Abuse. ([To follow #1](#))

DASC

Repository Subgroup

- Terms of Reference DNS Abuse Repository and Editorial Board (subject to Council approval).
 - Repository content initially available only to ccTLD managers, ccTLD Regional Organizations, and other individual entities the Repository Editorial Board (REB) deems relevant.
 - May later extend to other groups after REB consults with the DASC and ccNSO Council.

DASC

Repository Subgroup

- Repository content management:
 - DASC to appoint a content advisory/editorial board composed of DASC members for certain terms (with term limits).
 - This board decides and instructs ccNSO Secretariat what content to post, subject to DASC review. Initial content categories (subject to board refinement):
 - Presentations and reports.
 - Tools.
 - Definitions/Policies.
 - Articles/Commentaries.

DASC

Repository Subgroup

- This board shall also, among other things:
 - Ensure that content is reliable and relevant for ccTLD managers regarding DNS Abuse, such as best practices, definitions, etc.
 - Create process to promote use of, and submissions to, the Repository.
 - Review/assess content.
 - Report to DASC and ccNSO community on regular basis.
