MOMENT OF REFLECTION

Honoring the memory of over one million Rwandan citizens who lost their lives during the 100-day genocide against the Tutsi in 1994, we stand united in reflection and remembrance.

This 30th Commemoration, under the theme "Remember-Unite-Renew," serves as a solemn reminder of the atrocities endured and a commitment to fostering unity and renewal in our communities.

Let us take a moment to pay tribute to the victims, support the survivors, and reaffirm our dedication to ensuring that such a tragedy never happens again.
