Purpose UAC and value to the ccNSO

UAC Value | UAC charter, adopted by Council

*"The **purpose of the ccNSO Universal Acceptance Committee (UAC)** is to provide the ccTLD community a platform to interact and share information at a global level and with other groups under the ICANN umbrella on topics related to UA and acceptance of IDNs. The initiative should not overlap with other related efforts."*

ccNSO Value & Purpose | Council decision, July 2020

The ccNSO provides a global platform for ccTLD managers to:

- Undertake policy and policy-related work
- Cooperate and learn
- Engage with other stakeholders

The ccNSO is the supporting organisations of ICANN specifically for ccTLD managers and the decisional participant through which the ccTLD Managers act.

The UAC contributes to the global platform function of the ccNSO, as it engages with other stakeholders and allows ccTLD managers to cooperate and learn.

Workplan: prioritisation via a phased approach

Step1: Napkin pitch

- Benefits & needs for ccTLDs
- Benefits & needs for ccNSO
- Execution by UAC

Step 2: Impact-effort analysis

- two criteria, based on its Charter:
 - Added value to coordination and facilitation of participation of ccTLD in UA-related matters
 - Increase level of participation of ccTLD community in UA-related discussions
- two variables:
 - Level of Effort (Horizontal Axis) – How much time, money, resources, and capacity will be needed to achieve the desired outcome.
 - Level of Impact (Vertical Axis) – How much value or impact the outcomes will have.

Step 3: Set priorities

proposals

Mid- to long term

The UAC identified work items which require additional planning. These items will be detailed and addressed in the following order:

1. Develop ccTLD readiness journeys case studies
2. Conduct survey among ccTLDs regarding UA adoption
3. Assisting and cooperating with local counterparts to organise local events
4. Liaising with email - and other service providers (e.g. local programming groups, W3C, registries and registrars etc)
5. Planning and organising a tabletop exercise

What should UAC focus on next, in 2025-2026?
