Nothing in this Agreement entitles Registrar to enforce any agreement between Afiliass and ICANN.

2.2. Maintenance of Registrations Sponsored by Registrar. Subject to the provisions of this Agreement, ICANN requirements, and Afiliass requirements authorized by ICANN, Afiliass shall maintain the registrations of Registered Names sponsored by Registrar in the Registry System during the term for which Registrar has paid the fees required by Subsection 4.1.

Registrar shall publish to Registered Name Holders emergency contact information for critical situations such as domain name hijacking.

3.3. Registrar's Registration Agreement. At all times while it is sponsoring the registration of any Registered Name within the Registry System, Registrar shall have in effect an electronic or paper registration agreement with the Registered Name Holder. Registrar shall include in its registration agreement those terms required by this Agreement and other terms that are consistent with Registrar's obligations to Afilias under this Agreement.

3.4. Indemnification Required of Registered Name Holders. In its registration agreement with each Registered Name Holder, Registrar shall require such Registered Name Holder to indemnify, defend and hold harmless Afilias and its subcontractors, and the directors, officers, employees, affiliates and agents of each of them, from and against any and all claims, damages, liabilities, costs and expenses, including reasonable legal fees and expenses, arising out of or relating to the Registered Name Holder's domain name registration. The registration agreement shall further require that this indemnification obligation survive the termination or expiration of the registration agreement.

3.5. Compliance with Terms and Conditions. Registrar shall comply with each of the following requirements, and further shall include in its registration agreement with each Registered Name Holder, as applicable, an obligation for such Registered Name Holder to comply with each of the following requirements:

Additional or revised Afilias operational standards, policies, procedures, and practices for the Registry TLD shall be effective upon thirty days notice by Afilias to Registrar. If there is a discrepancy between the terms required by this Agreement and the terms of the Registrar's registration agreement, the terms of this Agreement shall supercede those of the Registrar's registration agreement; and

3.5.3. public interest commitments (as set forth in Specification 11 to the Registry Agreement, as amended from time to time), community registration policies (if applicable, as set forth in Specification 12 to the Registry Agreement, as amended from time to time) and Government Advisory Committee (“GAC”) safeguards (as set forth in Exhibit B to this Agreement or otherwise published or provided to Registrar by Afilias from time to time).

3.6. Additional Requirements for Registration Agreement. In addition to the provisions of Subsection 3.5, in its registration agreement with each Registered Name Holder, Registrar shall require such Registered Name Holder to:

3.6.1. consent to the use, copying, distribution, publication, modification and other processing of Registered Name Holder's Personal Data by Afilias and its designees and agents in a manner consistent with the purposes specified pursuant to this Agreement, including without limitation Subsections 2.6 and 3.2;

3.6.3. immediately correct and update the registration information for the Registered Name during the registration term for the Registered Name;

3.6.4. agree to be bound by the terms and conditions of the initial launch of the Registry TLD as published by Afilias from time to time, including without limitation any sunrise period, limited registration period, or land rush period, and the dispute resolution policies and rights protection mechanisms mandated by ICANN or Afilias for the TLD (including without limitation the Trademark Clearinghouse), and further to acknowledge that Afilias has no liability of any kind for any loss or liability resulting from the proceedings and processes relating to the sunrise period, limited registration period, land rush period or other period associated with the initial launch of the Registry TLD, including, without limitation: (a) the ability or inability of a registrant to obtain a Registered Name during these periods, and (b) the results of any dispute resolution process regarding a registration; and

3.6.5. acknowledge and agree that Afilias reserves the right to deny, cancel or transfer any registration or transaction, or place any domain name(s) on registry lock, hold or similar status, that it deems necessary, in its discretion; (1) to protect the integrity and stability of the registry; (2) to comply with any applicable laws, government rules or requirements, requests of law enforcement, or any dispute resolution process; (3) to avoid any liability, civil or criminal, on the part of Afilias, as well as its affiliates, subsidiaries, officers, directors, and employees; (4) per the terms of the registration agreement; (5) for the non-payment of fees by Registrar, including without limitation pursuant to the terms of any Credit Facility (as defined in Section 4.4) or (6) to correct mistakes made by Afilias or any Registrar in connection with a domain name registration. Afilias also reserves the right to place upon registry lock, hold or similar status a domain name during resolution of a dispute.

3.7. Data Submission Requirements.

3.7.1. As part of its registration and sponsorship of Registered Names in the Registry TLD, Registrar shall submit complete data as required by technical specifications of the Registry System that are made available to Registrar from time to time. Registrar hereby grants Afilias a non-exclusive, non-

transferable, limited license to such data for propagation of and the provision of authorized access to the TLD zone files and as otherwise required in Afilias' operation of the Registry TLD.

3.7.2. Registrar shall submit any corrections or updates from a Registered Name Holder relating to the registration information for a Registered Name to Afilias in a timely manner.

3.8. Security.

3.8.1. Registrar shall develop and employ in its domain name registration business all necessary and appropriate technological and organisational security measures and restrictions to ensure that its connection to the Registry System is secure and that all data exchanged between Registrar's system and the Registry System shall be protected to avoid unintended and/or unauthorized access or disclosure of information. Registrar shall employ the necessary measures to prevent its access to the Registry System granted hereunder from being used to (i) allow, enable, or otherwise support the transmission by e-mail, telephone, or facsimile of mass unsolicited, commercial advertising or solicitations to entities other than its own existing customers; or (ii) enable high volume, automated, electronic processes that send queries or data to the systems of Afilias, any other registry operated under an agreement with ICANN, or any ICANN-accredited registrar, except as reasonably necessary to register domain names or modify existing registrations. In addition, Afilias may require other reasonable security provisions to ensure that the Registry System is secure and stable.

3.8.2. Each session wherein Registrar accesses the Registry System shall be authenticated and encrypted using two-way secure socket layer ("SSL") protocol. At a minimum, Registrar shall authenticate every client connection with the Registry System using both an X.509 server certificate issued by a commercial certification authority identified by the Afilias and its Registrar password. Registrar shall disclose only its Registrar password to its employees with a need to know. Registrar agrees to notify Afilias within four hours of learning that its Registrar password has been compromised in any way or if its server certificate has been revoked by the issuing certification authority or compromised in any way.

3.8.3. Registrar shall not provide identical Registrar-generated authorization <authinfo> codes for domain names registered by different registrants with the same Registrar. Afilias in its sole discretion may choose to modify <authinfo> codes for a given domain and shall notify the sponsoring registrar of such modifications via EPP compliant mechanisms (i.e. EPP<poll> or EPP<domain:Info>). [Until such time that Afilias implements the EPP<poll> command, which will be completed no later than 10 November 2014, Registry will contact Registrar in writing to notify of any said updates to the <authinfo> codes.](#)

Documentation of these mechanisms shall be made available to Registrar by Afilias. The Registrar shall provide the Registered Name Holder with timely access to the authorization code along with the ability to modify the authorization code. Registrar shall respond to any inquiry by a Registered Name Holder regarding access to and/or modification of an authorization code within five (5) calendar days.

3.9. Resolution of Technical Problems. Registrar shall employ necessary employees, contractors, or agents with sufficient technical training and experience to respond to and fix all technical problems concerning the use of the EPP, the APIs and the systems of Afilias in conjunction with Registrar's systems. In the event of significant degradation of the Registry System or other emergency, Afilias may, in its sole discretion, temporarily suspend or restrict Registrar's access to the Registry System. Such

temporary suspensions shall be applied in a non-arbitrary manner and shall apply fairly to any registrar similarly situated, including affiliates of Afilias.

3.10. Time. In the event of any dispute concerning the time of the entry of a domain name registration into the Registry Database, the time shown in the Registry records shall control.

3.11. Transfer of Registration Sponsorship. Registrar agrees to implement transfers of Registered Name registrations from another registrar to Registrar and vice versa pursuant to the Policy on Transfer of Registrations Between Registrars as may be amended from time to time by ICANN (the "Transfer Policy").

3.12. Restrictions on Registered Names. In addition to complying with ICANN standards, policies, procedures, and practices limiting domain names that may be registered, Registrar agrees to comply with applicable statutes and regulations limiting the domain names that may be registered.

3.13. URS.

3.13.1. Whois Compliance. Upon receipt of a URS determination in favor of the complainant, Registrar shall continue to display all of the information of the original Registrant except for the nameservers. In addition, Registrar shall cause the Whois to reflect that the domain name will not be able to be transferred, deleted or modified for the life of the registration.

3.13.2. Registration Extension. Registrar shall offer the successful URS complainant the option to extend the registration period for one additional year at commercial rates.

3.13.3. Other Remedies. Registrar shall not pursue other remedies in the event of a determination in favor of the complainant.

4. FEES

4.1. Amount of Afilias Fees. Registrar agrees to pay Afilias the fees set forth in Exhibit A for services provided by Afilias to Registrar (collectively, "Fees"). Afilias reserves the right to revise the Fees from time to time, provided that Afilias shall provide notices to Registrar in compliance with Section 2.10 (Pricing for Registry Services) in the Registry Agreement, and with paragraph 4.1.1 below, prior to any increases in fees for initial registrations, renewal registrations or fees for registrations associated with transfers of sponsorship.

4.1.1. Revision of Registration Fees. Notwithstanding the provisions of paragraph 4.1 above, the following additional notice requirements shall apply:

4.1.1.1. Initial Registrations. With respect to changes in fees for initial domain name registrations for which Afilias is required to provide 30 days prior notice to Registrar per the terms of the Registry Agreement, in the event that Afilias desires to effect such fee changes more than two (2) times in any calendar year, Afilias shall provide 180 days notice of any such additional change; and

4.1.1.2. Tiered Registration Pricing. With respect to fees for initial domain name registrations during any period in which standard wholesale pricing for the TLD is charged on a tiered basis ("Tiered Pricing"), Afilias shall provide 180 days notice of any change in such fees. The notification on price change applies

to both a) the change in value of a tier, as well as b) the moving of one or more domain name(s) from one tier to another.

4.1.1.3. Fees for Other Services. With respect to services provided to Registrar hereunder other than initial registrations, renewal registrations or transfers of sponsorship ("Other Services"), Afiliat shall provide 180 days prior notice.

4.1.2. Variable Fees. Registrar agrees to pay Afiliat the applicable variable fees assessed to the Registry Operator by ICANN, as permitted by Section 6.3 of the Registry Agreement, by no later than ~~thirty (30)~~ days after the date of an invoice from Afiliat for such fees.

4.2. Payment of Afiliat Fees. In advance of incurring Fees, Registrar shall establish a deposit account, or, if agreed by Afiliat in its discretion, a letter of credit or Credit Facility (as defined below) (collectively or individually the "Payment Security"). All Fees are due immediately (subject to the terms of the Credit Facility, if applicable) upon receipt of applications for initial and renewal registrations, registrations associated with transfers of sponsorship, or upon provision of other services provided by Afiliat to Registrar. Payment shall be made via debit or draw down of the deposit account or letter of credit or, if established, per the terms of the Credit Facility. Afiliat shall provide monthly invoice statements to the Registrar.

4.3. Non-Payment of Fees. In the event Registrar has insufficient funds deposited or available through the letter of credit or otherwise is in default of the terms of the Credit Facility, Afiliat may do any or all of the following in its discretion: (a) stop accepting new initial or renewal registrations, or registrations associated with transfers of sponsorship, from Registrar; (b) delete or transfer the domain names associated with any negative balance incurred or invoice not paid in full; (c) give written notice of termination of this Agreement pursuant to Subsection 9.2.1; (d) pursue remedies available under the Credit Facility and (e) pursue any other remedy under this Agreement.

4.4. Credit Facility. If Registrar establishes Payment Security under Afiliat's credit policies which are posted online by Afiliat or otherwise made available by Afiliat to Registrar, as such policies may be supplemented, amended or replaced from time to time (the "Credit Facility"), Registrar acknowledges that certain remedies regarding all of the domain names associated with Registrar are available to Afiliat under the Credit Facility in the case of the non-payment of fees by Registrar.

4.5. Taxes. All Fees due under this Agreement are exclusive of tax. All taxes, duties, fees and other governmental charges of any kind (including sales, turnover, services, use and value-added taxes, but excluding taxes based on the net income of Afiliat) which are imposed by or under the authority of any government or any political subdivision thereof on the fees for any services, software and/or hardware shall be borne by Registrar and shall not be considered a part of, a deduction from or an offset against such Fees. All payments due to Afiliat shall be made without any deduction or withholding on account of any tax, duty, charge or penalty except as required by law, in which case, the sum payable by Registrar from which such deduction or withholding is to be made shall be increased to the extent necessary to ensure that, after making such deduction or withholding, Afiliat receives and retains (free from any liability with respect thereof) a net sum equal to the sum it would have received but for such deduction or withholding being required.

The parties shall bear their own attorneys’ fees in connection with the arbitration, and the arbitrators may not reallocate the attorneys’ fees in conjunction with their award. Otherwise, this Agreement shall not be construed to create any obligation by either party to any non-party to this Agreement, including any holder of a Registered Name. Registrar expressly acknowledges that, notwithstanding anything in this Agreement to the contrary, it is not an intended third-party beneficiary of the Registry Agreement.

10.4. Relationship of the Parties. Nothing in this Agreement shall be construed as creating an employer-employee or agency relationship, a partnership or a joint venture between the parties.

10.7. Waivers. No failure on the part of either party to exercise any power, right, privilege or remedy under this Agreement, and no delay on the part of either party in exercising any power, right, privilege or remedy under this Agreement, shall operate as a waiver of such power, right, privilege or remedy; and no single or partial exercise or waiver of any such power, right, privilege or remedy shall preclude any other or further exercise thereof or of any other power, right, privilege or remedy. Neither party shall be deemed to have waived any claim arising out of this Agreement, or any power, right, privilege or remedy under this Agreement, unless the waiver of such claim, power, right, privilege or remedy is expressly set forth in a written instrument duly executed and delivered on behalf of such party; and any such waiver shall not be applicable or have any effect except in the specific instance in which it is given.

10.8. Entire Agreement. This Agreement (including its exhibits, which form a part of it) constitutes the entire agreement between the parties concerning the subject matter of this Agreement and supersedes any prior agreements, representations, statements, negotiations, understandings, proposals or undertakings, oral or written, with respect to the subject matter expressly set forth herein.

10.9. Severability. If any provision of this Agreement is held to be illegal, invalid or unenforceable, each party agrees that such provision will be enforced to the maximum extent permissible so as to effect the intent of the parties, and the validity, legality and enforceability of the remaining provisions of this Agreement will not in any way be affected or impaired thereby. If necessary to effect the intent of the parties, the parties will negotiate in good faith to amend this Agreement to replace the unenforceable language with enforceable language that reflects such intent as closely as possible.

10.10. Counterparts. All executed copies of this Agreement are duplicate originals, equally admissible as evidence. This Agreement may be executed in counterparts, and such counterparts taken together shall be deemed the Agreement. A facsimile copy of a signature of a party hereto shall have the same effect and validity as an original signature.
