

At- Large Community Wiki Update

5 December 2010

Agenda

- Roll-out Progress to date
- Feedback
- Future enhancements discussion
- Open house (Training/Familiarity) of ICANN Community Wikis
- Q and A

Roll-out Progress to date

Strong progress made...thanks for support and understanding while we initialized

Work completed:

- Migrated all data from Social Text
- Workspaces all set-up and operational - organizing on going
- Gateways pages established
- Color denoting various groups
- Created RRS Feed

Feedback

Live overview of At-large work spaces

- ALAC
- RALO's

Recommendations:

- Working groups workspaces
- Workspace hierarchy

Open Issues:

- Broken links repaired, work continues
- Window navigation (hyperlinks)

Future enhancements discussion

- Discuss requirements for establishing workspaces on a per region basis
- Others?
