● Next Meeting

APTLD (Asia Pacific Top Level Domain Association) is an organisation for ccTLD (country-code Top Level Domain) registries in Asia Pacific region. APTLD was originally established in 1998, and in 2003 legally established in Malaysia.

APTLD works as the forum of information exchange regarding technological and operational issues of domain name registries in Asia Pacific region. Also, as an interface to other international Internet coordinating bodies, APTLD fosters and elevates participation of AP ccTLDs in these global fora, as well as acting
