

ironDNS[®] Presentation at
ICANN Meeting Dakar, Oct 2011

Agenda ccNSO Meeting

1. ironDNS[®] Funds Programm
for Registries in Emerging
Markets
2. DNSSEC made easy

Sponsor Program for Emerging Markets

What is ironDNS[®]?

- A leading DNS service
- Completely new and entirely independent name server software
- Robust to ward off future threats
- Supplement to existing name server infrastructures

Sponsor Program for Emerging Markets

What is the goal of the program?

- Make the advantages available to Registries that currently do not have the financial resources to pay for such a high-class service.

Sponsor Program for Emerging Markets

What is in your free package?

- One **anycast** cloud with 5 nodes
- **IPv4 and IPv6** addresses
- **Provisioning** through a SOAP interface or AXFR/IXFR with TSIG
- **DNSSEC** engine, if ironDNS® is supposed to sign the zone

Sponsor Program for Emerging Markets

Who can apply?

- You are a **ccTLD** Registry
- You are a **nonprofit organization**
- You have **less than 100,000** delegations
- You are from a **non-OECD** country

Sponsor Program for Emerging Markets

How to apply?

- Unbureaucratic process
- Contact me ;-)
