

# Channel Islands

- Channel Islands Registry
- .gg and .je
- EPP, CoCCA
- Multihomed registry
- Real-time registration
- 5 people
- Wear more than one hat

# Technical Staff

- Resource problems
  - Good technical people
    - Expensive
    - Hard to find
    - Dont (usually) live on a little rock
- Fortunate
  - To obtain the services of expert
  - Formerly database consultant to large telco

# Issues

- Keep happy
- Keep busy
- Affordability

# Other tech resources

- Server centres
  - Rackspace
  - Aircon
  - Power
  - Redundancy
  - Internet connectivity

# Developing ccTLDs and new gTLDs

- Barriers to entry
  - Much higher than 15 years ago
- Technical level
  - Limited
    - Financial
    - Human

# Way forward

- New form of corporate structure in England
- Limited Liability Partnership
  - Not same thing as US LLP
  - Although used for similar purposes

# Use

- Ideal for specific and continuing projects
  - In which two or more
    - For-profit or not-for profit companies
    - Overseas corporations
    - Other bodies corporate;
    - Natural persons
  - may co-operate to a common goal
- May be run as a non-profit or with a view to profit.
- It is tax-transparent
  - So little additional administration

# TLD Registry Services LLP
