

IANA Board Committee Meeting

Report through 19 June, 2009

Committee Members

- Harald Tveit Alvestrand, Chair
- Raimundo Beca
- Steve Crocker
- Demi Getschko(now left Board)
- Katim Touray
- Thomas Narten (liaison)
- Suzanne Woolf (liaison)

Work since Mexico City meeting

- Reviewed:
 - Ongoing DNSSEC plans and progress related to root zone signing, and other zones for which ICANN is responsible
 - Initial work regarding possible considerations in allocation of remaining /8 IPv4 addresses to RIRs
 - Status and deployment plans related to root zone management automation, including how the new processes will be reviewed and validated
 - Laid out work plans for consideration of other important IANA functions considerations, including the approach to changing processes, signing plans for all ICANN-managed zones and an approach to process review
