GNSO Policy Outreach Session

Day 1

Marika Konings

ICANN59 Policy Forum
26 June 2017

Objective for this session

1 Introduce you to the GNSO and the GNSO Team

2 Help you guide your way through today's GNSO Agenda
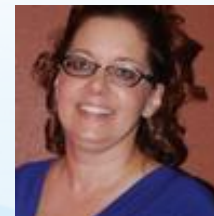

3 Answer any GNSO questions you may have

The GNSO Team

Julie Hedlund
Policy Director

Terri Agnew
Secretariat Services
Coordinator, GNSO

Nathalie Peregrine
Specialist, SO/AC Support (GNSO)

Mary Wong
Sr Director, Special
Adviser For Strategic
Policy Planning

Emily Barabas
Policy Specialist

Amr Elsadr
Policy Manager
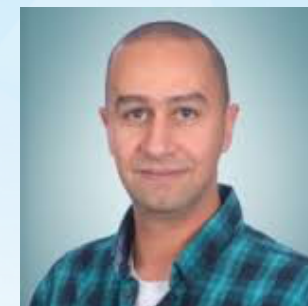

Marika Konings
VP Policy
Development
Support, GNSO

Steven Chan
Senior Policy Manager

The GNSO

Today's GNSO Agenda

| Time	Topic	Notes
9.15 – 9.30	Welcome by GNSO Chair	Confirmation of agenda, setting scene for the day/week
9.30 – 10.00	new gTLD Sub Pro PDP WG Status Update	Status update provided by PDP WG leadership team
10.00 – 10.15	KSK Roll Over	Status update provided by Patrick Jones
10.30 – 10.45	Planning for PTI FY19 Budget	Status update provided by Elise Gerich
10.45 – 11.15	RPMs PDP WG Status Update	Status update provided by PDP WG leadership team
11.15 – 11.45	RDS PDP WG Update	Status update provided by PDP WG leadership team
11.45 – 12.15	GSE Briefing and Q&A	With Sally Costerton & GSE team

13.30 – 14.00	Joint meeting	with the Board Working Group on Internet Governance
14.00 – 14.30	IGO Curative Rights PDP WG Status Update	Status update provided by PDP WG leadership team
14.30 – 15.00	AOB	Incl. update on revised GNSO OP / Bylaws
15.15 – 18.30	Next Generation Registration Directory Services Cross-Community Discussion	

Next-Gen gTLD RDS Cross-Community Discussion

Overview

This PDP has been tasked with defining the purpose of collecting, maintaining and providing access to gTLD registration data and considering safeguards for protecting that data. This WG is expected to establish consensus requirements for gTLD registration data and directory services, using them to determine if and why a next-generation RDS is needed and then establish a policy framework to support those requirements.

What to Expect at ICANN59

This session provides an opportunity to offer feedback on the RDS PDP WG's draft agreements related to the purposes of gTLD registration data and directory services, "thin data" elements required by those purposes, and related data protection and privacy requirements.
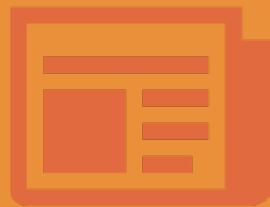

How to Prepare

For further information about this PDP, please see https://community.icann.org/x/rjJ-Ag. Materials to help community members prepare for this session will be posted on that page, including a recent newsletter, a tutorial on the origin and history of this PDP, and a draft list of WG agreements to be presented for feedback during this session.

Current Status & Expected Next Steps

1

What is the WG currently working on?

The WG has thus far deliberated on **4 of the 5 fundamental questions** posed in its charter, focusing initially on policy requirements for users/purposes, data elements, privacy, and access to **gTLD registration "thin data."**

2

What has the WG produced?

Through iterative, on-going deliberation, the WG has achieved rough consensus on 20 draft WG agreements, with more proposed agreements underway. Informal community input will be sought on these at the **ICANN59 Cross-Community Session on RDS Policy Requirements**.

3

What comes next?

After first pass deliberation on key concepts associated with "thin data," the WG will **expand its focus to "thick data."** Second pass deliberation will be used to refine draft WG agreements, using those fundamental requirements for gTLD registration data to answer the foundational question: **"*Is a new policy framework and next-generation registration directory service (RDS) needed to address these requirements?*"** Formal community input will then be sought in the WG's first initial report for Phase 1.

In Summary

All sessions are open	Comments & input are welcomed from all	Review the GNSO Policy Briefings to get a head-start (https://go.icann.org/gnsobriefing)
Do not hesitate to ask questions	Do not panic if you have no idea what people are talking about	Come back tomorrow for the next GNSO Outreach Policy Briefing to prepare for day 2!
