# **Joint Meeting of the ICANN Board with the Address Support Organization and the Numbers Resource Organization (ASO/NRO)**

14 March 2018

# Questions from the ICANN Board

---

- ⦿ **What are your key goals in 2018?** The Board is interested in this question to make sure that its own priorities are aligned with the community's priorities.
- ⦿ **What are your most relevant longer-term goals?** The Board is interested in this question because discussions about longer-term goals and strategic planning will commence soon between the community, the Board and ICANN org.

**ASO Organizational Review update:** Recommendations, specifically those involving ICANN

**ASO Address Council update:** ICANN Board election

**NRO update:** IPv6, IPv4 transfers

**Identifier Technology Health Indicators** - Mutual status update. The RIRs have completed a public consultation on their definition of the ITHI metrics related to the numbers community. ICANN is now starting to collect data and publish metrics for the name and protocol parameter side of the project. One possible agenda item is how to incorporate the measurements collected by the RIRs into the global publication of ITHI metrics
