

DS Updates and Multi-Signer Coordination – Recommended Actions

Steve Crocker & Shumon Huque

steve@shinkuro.com

shuque@gmail.com

Recommended Actions

- Multi-signer testbeds
- Registrars: Support for automated update DS records
- DNS providers
 - Interfaces for injection of ZSK and KSK records
 - Become recognized ICANN constituency
 - o New SG within CPH
 - Would require contract relationship with ICANN; probably undesirable and unnecessary
 - ★ New constituency within NCPH's CSG
 - o Become active with ISP constituency
- DNS Toolkit vendors: Extensions for Key Management
- Census of Registries and Registrars supporting DS automation
