

Information Transparency Initiative (ITI): Public Comment Demonstration

3 June 2021

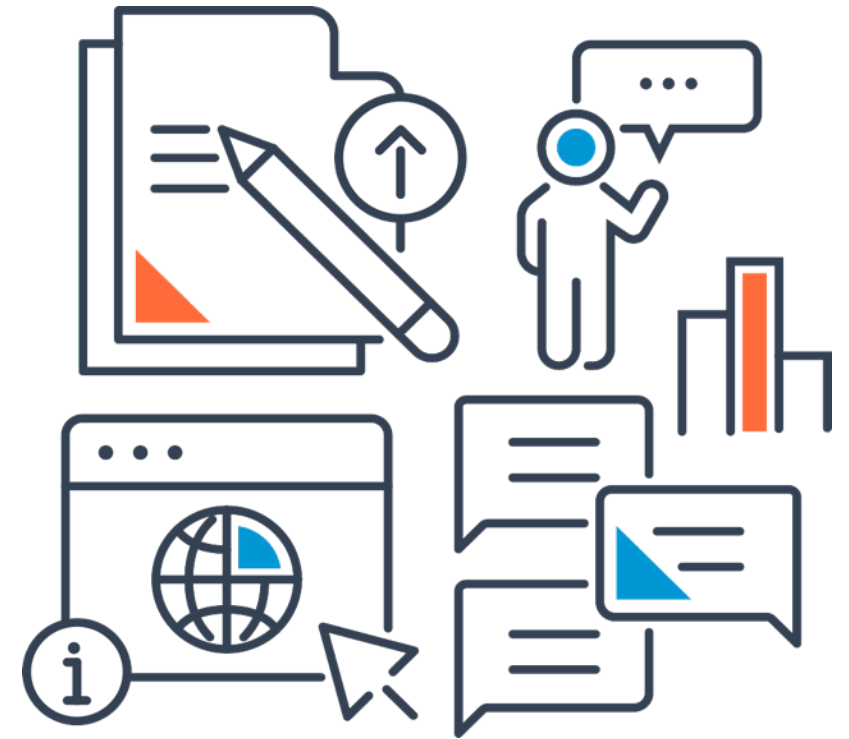

Improved Findability

- ⦿ Filtered search by category or date range
- ⦿ Improved keyword(s) search for proceedings, submissions, and their respective files
- ⦿ Email subscription alerts for individual proceedings and their submissions

Submission Management and New Features

- ⦿ New guided form submission feature
- ⦿ Submission management feature allowing individual users or ICANN groups to track their submissions
- ⦿ New About Public Comment page and How to Submit Public Comment Instructions, which provide more information for ICANN Beginners about this critical part of our multistakeholder model
- ⦿ New consolidated Other Public Consultations pages to provide the community with a one-stop-shop for other ICANN community surveys or public consultations that fall outside the Public Comment process
- ⦿ Improved layout and user experience
