Internet Governance Forum and Singapore – an Update

By Mr Justin Lee
Senior Manager, International

iDA SINGAPORE

Roles of various parties

- ## Governments
  - implement policies and create conducive environment

- ## Private sector
  - Technical and commercial aspect of Internet architecture.

- ## Civil society and individuals
  - Content suited for unique need and siutation for their society

iDA
SINGAPORE

Work to be done in the months ahead

- Nature and composition of the multi-stakeholder model

- "Orphan issues" – due to cross-border nature of the issues, a stronger coordination among governments?
